

Wylve Valley CE Primary School – Sports Premium Report – July 2026

Primary School PE and Sport Funding

We believe that PE and sport play an important role within our curriculum, to develop positive long-term attitudes to ensure young people lead healthy lifestyles.

We have welcomed the Government's announcement in June 2013 to provide additional funding to improve provision of Physical Education (PE) and sport in primary schools.

We share the Department for Education's vision that all pupils will leave primary school physically literate with the knowledge, skills and motivation necessary to equip them for a healthy, active lifestyle and lifelong participation in physical activity and sport.

Sport Premium Grant

At Wylve Valley, we have received the following grants:

Year	Grant received	Expenditure	Balance carried forward
2025/2026	£ 17090	£ 19461	£ 0

(These are based on the school's financial year which runs from April 1st to March 30th each year.)

This funding will be used to improve the provision of PE and sport and create a long lasting impact in the quality of PE and sport at our school.

We will look to improve our provision of PE and sport against the following 5 key indicators:

1	The engagement of <u>all</u> pupils in regular physical activity
2	The profile of PE and sport being raised across the school
3	Increased confidence, knowledge and skills of all staff in teaching PE and sport
4	Broader experience of a range of sports and activities offered to all pupils
5	Increased participation in competitive sport

These key indicators will be referred to when recording the impact of measures that are introduced.

How we used the grant in 2025-26

Expenditure and Impact 2025-26				
Area	Funded	Cost	Objective	Impact
Resources	WWSSP partnership membership	£ 250	Membership allows entry to regional competitions.	Increased participation in competitive sport. Profile of PE and sport raised across the school. Broader experience of a range of sports and activities offered to all pupils.
	Equipment	£ 163		
Staff development	PH Sports	£2650	Update staff teaching skills and knowledge. Ensure children make progress across a range of activities.	Increased confidence, knowledge and skills of all staff in teaching PE and sport.
Competitions	Transport via coach/minibus/taxi to various events in Wiltshire	£1245	Enables children to compete across the county.	Profile of PE and sport raised across the school. Increased participation in competitive sport.
Sports clubs	PH Sports after school clubs The Dance Lady dance club Gary Bellfield Hall hire for dance club	£6261 £ 350 £2400 £ 144	Promote a variety of physically active extra-curricular sports clubs (at no cost to parents). Promote healthy and active lifestyles.	Increased participation in competitive sport. Broader experience of a range of sports and activities offered to all pupils.
Sports Leadership (Actions by BH where supply cover needed)	Various sport curriculum admin duties and attended events in 2025/26 by BH and different Teaching assistants Supply cover needed for subject leader and TA wage cost Lunchtime Activity club led by TA TA wage cost	£4822	Development of PE curriculum. Inventory of all equipment. Update progress of sport at Wylle Valley. Prepare Sport Premium Report.	Profile of PE and sport raised across the school. Broader experience of a range of sports and activities offered to all pupils.
Sports Ambassadors	Training of 4 Sport Ambassadors and taking to 2 county training events Transport cost TA wages cost	£ 170		Profile of PE and sport raised across the school.
Enrichment	School PE shirts	£ 696	Marathon medals to celebrate success.	Profile of PE and sport raised across the school. The engagement of all pupils in regular physical activity.
	Extra staffing at residential	£ 480		

Additional National Curriculum requirements for swimming and water safety 2025-26

How many pupils within their year 6 cohort can do each of the following:	
Swim competently, confidently and proficiently over a distance of at least 25 metres	19 out of 23 (83%)
Use a range of strokes effectively	17 out of 23 (74%)
Perform safe self-rescue in different water-based situations	0 out of 23 (0%)

Sustainable Impact of the Funding

The Sports Premium funding has enabled Wyllye Valley CE Primary School to make improvements that will have a lasting impact beyond the current academic year. Our approach has focused not only on providing additional sporting opportunities, but also on developing the skills, resources and structures needed to sustain high-quality PE and physical activity in the future.

Investment in staff development has increased teachers' knowledge, confidence and skills in delivering PE across a range of activities. This will continue to benefit pupils in future years as staff are able to apply their learning within normal PE lessons and share good practice with colleagues.

The development and review of our PE curriculum, together with the audit and management of sporting equipment, provides a stronger foundation for future PE provision. The school will continue to build on this work to ensure that equipment is used effectively and that pupils experience a broad and balanced range of physical activities.

Funding for extra-curricular clubs has enabled pupils to experience a wider range of activities, including dance and other sporting opportunities. By providing these opportunities at no additional cost to parents, the school has helped to reduce barriers to participation and promote physical activity as an important part of school life. We aim to continue offering a varied programme of clubs in future years.

Our involvement in the Wiltshire and West Somerset School Sports Partnership has also strengthened our links with other schools and provided opportunities for pupils to participate in competitions and events. These experiences help to raise the profile of sport within school and provide opportunities for pupils to develop teamwork, resilience, confidence and sportsmanship.

The development of Sports Ambassadors is another sustainable element of our provision. Pupils have been given opportunities to develop leadership skills and contribute to the sporting life of the school. We will continue to develop pupil leadership so that children play an increasingly active role in encouraging physical activity among their peers.

The lunchtime activity provision further supports the development of a culture in which physical activity is part of everyday school life, rather than something restricted to PE lessons. Together, these initiatives help to establish positive attitudes towards exercise and healthy lifestyles that we hope pupils will carry with them beyond primary school.

Overall, the funding has supported improvements in staff expertise, curriculum provision, pupil leadership, competitive opportunities, extra-curricular activities and the resources available to pupils. These developments provide a sustainable platform from which the school can continue to improve PE and sport provision in future years.
